

Sleeping arrangements at The Holt

A standard booking at The Holt is for 6 people or less, using the main beds shown here in white. But as you can see we can be pretty flexible for groups with children who want to sleep in the same room as parents, or for adults who are happy to share a room but not a bed.

All of the items listed on the diagram are available in your booking form in the Extras section. Please let us know what you want for your group. There is no cost for many of these adjustments!

Family Room

The day bed and pull out trundle bed in the family room are quite light weight and are more suitable for a child or a lightweight or small adult. Sometimes adults do use these beds for a night or two in a short break but we would not recommend them for a full week. You can fit the day bed plus pull out OR the day bed plus cot, but not all three. If not in use as a bed, the day bed is made up as a sofa.

Kingsize Room

The Zbed is quite sturdy and has a proper lightweight bed mattress and is suitable for a child, or for a lightweight / small adult on a short break. You can fit the ZBed OR a cot but not both.

Twin Room

We can make the twin beds into a superking if required. This room can also fit a cot.
