

# Sleeping arrangements at The Holt

A standard booking at The Holt is for 6 people or less, using the main beds shown here in white. But as you can see we can be pretty flexible for groups with children who want to sleep in the same room as parents, or for adults who are happy to share a room but not a bed. **We can accommodate a maximum of six adults plus children in the bedrooms, as well as one adult or a couple on the sofa bed.** All of the items listed on the diagram are available in your booking form in the Extras section. Please let us know what you want for your group. There is no cost for many of these adjustments!

## Family Room

The day bed and pull out trundle bed in the family room are quite light weight and are more suitable for a child. Sometimes adults do use the day bed for a night or two in a short break if two people are sharing the room but don't want to share the main bed. There is room for the day bed plus pull out OR the day bed plus cot, but not all three. If not in use as a bed, the day bed is made up as a sofa. This room can therefore fit max two adults and two children.

## Kingsize Room

The Zbed is quite sturdy and has a proper lightweight bed mattress and is suitable for a child, or for a lightweight / small adult on a short break. You can fit the ZBed OR a cot but not both. Can therefore fit max two adults and one child.

## Twin Room

We can make the twin beds into a superking if required. This room can also fit a cot. Can therefore fit max two adults / children and one infant.

## Sofa bed

The sofa bed is a small double so suitable for a couple or one individual only.
